Index 66

The United Nations Headquarters occupies an 18-acre tract of land on Manhattan Island. The site is bounded on the south by 42nd Street, on the north by 48th Street, on the west by what was formerly a part of First Avenue and is known now as United Nations Plaza, and on the east by the East River and Franklin D. Roosevelt Drive. The site is owned by the United Nations and is international territory.

The four main structures, all interconnected, comprising the Headquarters are the General Assembly building, which contains, besides the plenary hall, a large conference room and four medium-sized meeting rooms; the long, low Conference building parallel to the river, which contains council chambers, conference rooms, lounges and restaurants; the 39-storey skyscraper office building, which houses the Secretariat; and the Library building. The General Assembly Hall and the council chambers are on the second floor level while all the other conference rooms in both buildings are on the concourse level. All conference rooms, council chambers and the plenary hall may be reached from the delegates' entrance in the General Assembly building.

ENTRANCE

In order to enter and to park at Headquarters, delegation cars must have United Nations diplomatic licence plates ("D" plates) plus a special identification decal (pink) for the forty-seventh session of the General Assembly. (For information on obtaining parking decals, please see page 53.)

GROUNDS PASSES AND ADMISSION TO MEETINGS

Members of delegations are issued United Nations grounds passes by the Protocol and Liaison Service (see pages 6 and 8). In the interest of overall security and for the convenience of members of delegations, grounds passes should be displayed visibly upon entering and at all times while on the premises. If members of permanent missions wish to

obtain tickets for admission to the General Assembly Hall for persons who do not possess grounds passes, they should apply for them through the Protocol and Liaison Service.

Except for Heads of State or Government, and their deputies, who are provided with special VIP passes without photographs, dignitaries such as Ministers for Foreign Affairs, other Cabinet Ministers and their deputies will be issued VIP passes upon submitting two passport-size photographs to the Protocol and Liaison Service in advance. Upon request, a spouse will be issued the same type of pass as the dignitary.

The Protocol and Liaison Service is also in charge of the issuance of grounds passes to representatives of United Nations specialized agencies and intergovernmental organizations, and to petitioners.

Written press, film, television, photo, radio and other media correspondents are accredited by the Media Accreditation and Liaison Unit of the Dissemination Division, Department of Public Information (room S-0250, ext. 36934, 36936 and 36937), where tickets entitling them to attend open meetings may also be obtained.

Designated representatives of non-governmental organizations accredited to the Department of Public Information are issued grounds passes on an annual basis through the Institutional Relations and Non-Governmental Organizations Section of the Dissemination Division of the Department of Public Information (room S-1037D, ext. 37234).

Members of the general public may apply for tickets of admission to open meetings at the visitors' desk in the public lobby, at the north end of the General Assembly building.

SECURITY

The United Nations Security and Safety Service operates during normal working hours from room C-108 (ext. 37526 and 37527), located on the main level of the Conference building; and thereafter from room B3-09 (ext. 36666). In addition to providing security and safety on a 24-hour basis at Headquarters, it will:

(a) Issue grounds passes, which members of delegations may obtain in room GA-100, Delegates Entrance, from 9 a.m. to 1 p.m. and from 2 p.m. to 5.30 p.m. during the General Assembly period and from 9 a.m. to 1 p.m. and from 2 p.m. to 5 p.m. for the remainder of the year, after being accredited by the Protocol and Liaison Service;

(b) Receive official telephone calls, telegrams and cables requiring follow-up action after normal working hours;

(c) Assist in locating and notifying the Organization's senior officials in an emergency;

(d) Liaise with local authorities whenever outside emergency assistance (e.g. ambulance, medical, police) is required;

(e) Handle lost and found property. During office hours, lost property should be handed over to or claimed from the Pass and Identification Unit (GA-100, ext. 37533). At all other hours this service is provided by the Control Centre (B3-09, ext. 36666).

Missing grounds passes should be reported without delay to the above offices.

Delegates are reminded not to leave brief-cases or any valuable items unattended in conference rooms.

INFORMATION (TELEPHONES AND DESK LOCATIONS)

The Information Unit (ext. 37113) will advise on:

(a) The location and telephone numbers of delegations;

(b) The office or official to be contacted for technical queries;

(c) The location and telephone extensions of services, information media and United Nations clubs.

For information concerning the location and telephone numbers of Secretariat members, dial "0". (For further information regarding the telephone system of various offices in the United Nations, please see page 50.)

MEDICAL SERVICE

The Medical Service, located in the Secretariat building (room S-0537, ext. 37090), is available for emergency and first-aid treatment to delegates and members of the Permanent Missions who have a valid United Nations grounds pass. The Medical Service is normally open daily from 9 a.m. to 5 p.m. except Saturdays, Sundays and holidays. During sessions of the General Assembly, it will be open from 9 a.m. to 11 p.m. on weekdays and from 11 a.m. to 7 p.m. on Saturdays. A medical unit with a nurse is also available in the UNDC 1 building (room DC1-1190, ext. 38990) during working hours. In the event of emergencies occurring at times when the Medical Service is closed, the Security Service could be contacted (ext. 36666) for assistance in obtaining the name and location of the nearest hospital emergency room and the name of an ambulance service, if necessary.

FACILITIES FOR THE HANDICAPPED

A number of design changes have been made to facilitate access to Headquarters by disabled persons and to improve their mobility within the building. The locations of curb cuts, toilet facilities, etc., are indicated on the appropriate diagrams.

PROTOCOL AND LIAISON SERVICE

The main functions of the Protocol and Liaison Service, located on the second floor of the Secretariat building, near the low-rise elevator bank (room S-0201, ext. 37172), are as follows:

(a) To register members of delegations attending United Nations meetings in New York. For that purpose permanent and observer missions are required to submit to the Protocol Office completed SG.6 forms, together with a covering letter signed by the Head of Chancery or Administrative Officer, at least one day in advance of the meeting in question. Applications for grounds passes, prepared by the Protocol and Liaison Service upon receipt of SG.6 forms and the covering letter, must be presented

in person in order to obtain the pass from the Pass Office, located at the delegates' entrance (room GA-100, ext. 37533 or 37534). Sessions of the General Assembly are the only exception to this policy. A list of the complete delegation should be sent to the Protocol and Liaison Service as soon as possible before the session of the General Assembly begins;

(b) To publish provisional lists of delegations attending regular sessions of the General Assembly;

(c) To advise delegations on matters of protocol and diplomatic etiquette;

(d) To ensure protocol coverage of all the official ceremonies and social events at Headquarters (official visits, presentation of credentials, admission of new Member States, etc.);

(e) To maintain a calendar of official functions in order to assist delegations in coordinating their schedule of social events;

(f) To approve applications for identification decals for rented vehicles.

List of permanent missions to the United Nations

The Protocol and Liaison Service publishes a handbook entitled "Permanent Missions to the United Nations" (Blue Book).

Part I of that publication lists the names of diplomatic personnel of permanent missions of Member States at Headquarters, of liaison offices of specialized agencies at Headquarters, of permanent observer missions of non-member States at Headquarters and of permanent offices of intergovernmental and other organizations that have received a standing invitation to participate in the sessions and the work of the General Assembly.

Part II provides the composition of the principal organs of the United Nations as well as the members of other standing organs at Headquarters.

Part III enumerates, in chronological order, the national holidays of Member States and of non-member States maintaining permanent observer missions at Headquarters.

A weekly addendum reflects interim movements of diplomatic personnel.

The "Blue Book" and the addenda thereto are included in the regular documents distribution list under the symbol ST/SG/SER.A/...

CREDENTIALS

Credentials are required for representatives of States members of the General Assembly, the Security Council, the Economic and Social Council and the Trusteeship Council, in accordance with the relevant provisions of the rules of procedure of the organ concerned. For the sessions of the General Assembly, credentials of representatives issued by the Head of State or Government or by the Minister for Foreign Affairs should be submitted to the Secretary-General, if possible, not less than one week before the opening of the session, through the Secretary of the Credentials Committee, Office of Legal Affairs (room S-3420J, ext. 35356).

III. CONFERENCE SERVICES

MEETINGS SERVICES

The Office of Conference Services is responsible for providing meetings services, including interpretation, the provision of meeting records and the editing, translation, reproduction and distribution of documents.

General inquiries regarding meetings services may be made to the Director of the Interpretation and Meetings Division (room S-1527E, ext. 36537); inquiries regarding documents may be made to Documents Control (room S-1552, ext. 36594).

Programme of meetings

The Planning and Meetings Servicing Section of the Interpretation and Meetings Division prepares, each evening, a programme of meetings for the following day. The programme is printed in the Journal, giving the conference rooms and times of meetings. Additional information may be obtained by calling the Meetings Servicing Unit (ext. 37348).

Duration of meetings

Normally, morning meetings are scheduled from 10 a.m. to 1 p.m. and afternoon meetings from 3 p.m. to 6 p.m. Extensions of meetings beyond their scheduled time require prior arrangements, that is, 24 hours' notice should be given to the Director of the Interpretation and Meetings Division (room S-1527E, ext. 36537).

Owing to the heavy demand for meetings and the limited facilities available, and particularly in view of the current financial constraints, it is essential that meetings should start on time and that the above schedule be respected to the fullest extent possible. It is also advisable to schedule related meetings consecutively whenever possible to ensure the maximum utilization of available services.

Meetings of regional groups and other informal meetings can be accommodated only if and when services originally earmarked for regularly scheduled meetings are released.

JOURNAL

The Journal of the United Nations is issued daily in English and French. During the General Assembly it is issued in Arabic, Chinese, English, French, Russian and Spanish. It contains:

(a) A programme of meetings;

(b) Agendas for individual meetings;

(c) Summaries of meetings;

(d) Announcements.

The Editor of the Journal is located in room S-1138 (ext. 33888, 36776).

INTERPRETATION

Statements made in any of the six official languages of the General Assembly are interpreted into the other official languages. Any representative may also, in keeping with rule 53 of the rules of procedure of the General Assembly, make a statement in a language other than the official languages. In such cases, the delegation in question must provide either an interpretation or a written text of the statement in one of the official languages. On the basis of this interpretation or written text, which is accepted by the Secretariat as representing the official text of the statement, it will be interpreted into the other official languages by United Nations interpreters. However, the delegation concerned should make available to the interpreter someone who knows the language in which the statement is to be delivered and the official language into which it has been translated, to guide the interpreter throughout the translated text and to ensure synchronization between the speaker and the interpreter.

Written translations of statements delivered in official languages

If written texts are provided in more than one official language, delegations should indicate clearly which of these is to be accepted as the official text. When delegations provide a written translation of their statement, they should specify on the first page of that text whether it should be "read out verbatim" or "checked against delivery" as the interpreters cannot perform both of these functions at the same time.

If delegations wish their translations to be read out verbatim, any deviations from the text on the part of the speaker, including omissions and additions, are unlikely to be reflected in the interpretation.

If delegations believe that their speaker may deviate from his text, they should opt for "check against delivery" and the interpreters will follow the speaker and not the translation. In this case, delegations should be aware that the interpretation heard by the audience will not necessarily correspond to the translation that they may have distributed to the audience and the press before or during the delivery of the statement. Delegations may therefore wish to consider whether their purposes are best served by circulating a translation in these circumstances.

Representatives who take the floor in conference rooms should bear in mind that the microphone before them is inoperative until they have been called upon to speak by the chairman. In order to ensure the best possible recording and interpretation of their speeches, they should speak directly into the microphones, clearly and not too fast - particularly when giving figures, quotations or highly technical material, and when reading from a prepared text (see also page 31).

A number of conference rooms have been equipped with new sound systems that incorporate a microphone signalling system. The operation of the system will be explained to members of the committee by the secretary at the beginning of the session.

RECORDS OF MEETINGS

Meeting records are provided for the plenary meetings of principal organs, for meetings of certain of their Main Committees and, on a limited and selective basis, for meetings of certain other bodies. Meeting records may take the form either of verbatim records (PVs) or of summary records (SRs). The records are prepared by the Secretariat and are subject to correction by delegations. However, corrections that add to or alter the sense of a statement as actually delivered cannot be accepted.

Verbatim records cover the proceedings in extenso utilizing interpretations for languages other than the original.

Delegates are advised that if any portion of a written statement is not actually read out, it will not appear in the record of that meeting.

Summary records cover the proceedings in a concise, abbreviated form. They are not intended to include each intervention, or to reproduce statements textually.

The provision of written records (verbatim or summary) for United Nations bodies is regulated by a number of decisions of the General Assembly and other principal organs. (The pattern of meeting record entitlements currently in force is provided in annex I to document A/INF/47/1.)

In addition, sound recordings of meetings are made and may be consulted (see page 36).

Corrections to mimeographed records

Corrections to mimeographed records should be sent, under the signature of the delegation concerned, to the Chief, Official Records Editing Section, room DC2-0750, Two United Nations Plaza, New York, NY 10017, or delivered to that office, within one week of the date of the record.

Corrections should be indicated in a memorandum and/or inserted in a copy of the record. If no memorandum is sent, the front page of the corrected record should bear the signature and title of an authorized official of the delegation concerned.

Delegations are requested to make sure that, when the corrections are made by hand, they are written clearly and that the place in which they are to be inserted is indicated precisely.

A. Verbatim records

Corrections to verbatim records (PVs) should be limited to errors and omissions in statements as actually delivered, that is, in the original language. Corrections may not be made to the text of the statements as interpreted. When a request is submitted for a correction, a check is made against the sound recording of the relevant speech.

B. Summary records

Corrections to summary records (SRs) should not cover points of style, nor include lengthy additions that would upset the general balance of the summary record.

The text of a speech should not be submitted in lieu of corrections.

Issuance of corrections

In accordance with the procedure adopted at the thirtieth session of the General Assembly, records of United Nations bodies are reissued as corrected in printed form only in certain cases. These include records of plenary meetings of the General Assembly, meetings of the Security Council and plenary meetings of the Economic and Social Council. For other bodies, including the Main Committees of the General Assembly, records are issued in their initial form only and approved corrections are collected in a single corrigendum to be issued shortly after the end of the session concerned. Only in cases of serious errors or omissions materially affecting the course of the proceedings may a correction be issued immediately. In the case of verbatim records, such exceptional corrections will be resorted to only to revise errors or omissions in the original language version of a statement. Corrections cannot be made to the text of the interpretation of such a statement. Other language versions would be brought into conformity, if necessary, with the corrected text in the original language.

PREPARED TEXTS OF SPEECHES

A minimum of 30 copies of the text of speeches to be delivered in plenary meetings and meetings of the Main Committees should be given in advance to the conference officer in order to help the Secretariat provide the best possible service. Failing this, delegations are urged, in the interest of ensuring the best possible interpretation of their statements, to provide interpreters with five copies (for interpretation into the five other official languages) before the speaker takes the floor. If delegations wish to have the text of speeches distributed to delegations, specialized agencies, observers, interpreters, record-writers and press officers, 300 copies are required.

For distribution in the General Assembly Hall, texts should be delivered to the documents counter on the left side of the Hall.

CIRCULATION OF COMMUNICATIONS

Circulation of communications in the General Assembly Hall from a delegation must be cleared in advance with the Office of General Assembly Affairs (ext. 32332, room 3670, or ext. 37790 in room GA-208). The circulation must be done by the delegation concerned before the meeting starts.

DOCUMENTS FACILITIES

Translation and reproduction of documents

Delegations wishing to submit documents for consideration by a United Nations body should present them to the Secretary-General or to the secretary of the body concerned. The staff of Documents Control is not authorized to accept documents for translation or reproduction directly from delegations.

The categories of documents are as follows:

(a) The "General" series;

(b) The "Limited" series, the serial number of which is preceded by the letter L. This series comprises documents of a temporary nature such as draft resolutions and amendments thereto. When such documents are submitted during a meeting and are required urgently, advance versions marked "Provisional" are translated and reproduced immediately by special arrangements and distributed to participants only. Edited texts and revised translations are issued later;

(c) The "Restricted" series, the serial number of which is preceded by the letter R. This series contains only those documents the content of which requires at the time of issuance that they should not be made public;

(d) Conference room papers or working papers identified by the letters "CRP" or "WP" before the serial number. These are not official documents but informal papers, in one or more languages, used in the course of a meeting or meetings and distributed only to participants and other interested recipients

attending the meetings at which they are discussed. Conference room papers may later be converted into documents in the general, limited or restricted series or may have their contents incorporated into the report of the body concerned without further independent distribution.

Distribution of documents

A list of documents distributed at Headquarters is issued daily. Documentation distributed daily to delegations in accordance with stated requirements will be available for pick up at the delegations' pick-up area located at the service entrance to the North Lawn complex from 7.30 a.m. to 10 a.m. on weekdays.

The Delegation Station on the concourse level of the Secretariat building (room S-B1-060, ext. 37373), which is open for secondary requests during working hours on weekdays, will also be open at the weekend during the hours an official meeting is scheduled.

A limited number of documents relating to agenda items of the meetings in progress will be available at the documents counter in the conference rooms.

Special requests for distribution arrangements can be made by writing to or by calling the Chief of the Distribution Section (room NL-314, ext. 37345 or 37347).

Arrangements for automatic distribution should be made by calling ext. 37344; secondary requests should be made in person at S-B1-60 or by calling ext. 37373.

Only official United Nations documents may be distributed during the meetings.

Schedules are tentative and subject to title and date changes.

Post Office

A sub-branch of the United States Post Office is located on the concourse level in room S-B1-26 (ext. 37353) and is open from 9 a.m. to 5.30 p.m. Monday to Friday. The services provided are the usual postal services for private or official delegation mailings, including parcel post, air mail, registered and insured mail, international and domestic money orders, information about postage rates and regulations concerning entry or dispatch of parcels to and from various countries. All mail must bear United Nations stamps in United States denominations. Mail with United Nations stamps affixed may be deposited at the delegates aides' desk in the north lounge or dropped into the letter chutes in the Secretariat building for collection by messenger and onward dispatch by the Post Office.

The Garage Administration will schedule delegations to apply for and pick up the decals. Application entails submitting a valid vehicle registration and the applicant's valid grounds pass to the Garage Administration in room S-B1-01 (ext. 36212, 36213 and 35567). Only one decal will be issued per delegate for use on a vehicle with "D" plates and "S" plates registered in the name of any one delegate. The vehicle with "S" plates may be used only as an alternate vehicle. The maximum number of decals to be issued per Permanent Mission for its officially owned cars will not exceed the number of "D" plates issued by the United States Department of State.

Applications for decals from observer State missions, intergovernmental and other organizations listed in chapters III, IV and V of the "Blue Book" must be submitted to the Protocol and Liaison Service and thereafter to the Garage Administration for appropriate action.

Observer State missions will be issued a maximum of five decals for all mission and delegate-owned vehicles; intergovernmental and other organizations mentioned above are entitled to three decals each. The maximum allocation for both categories will apply throughout the year. When the maximum number is reached, the Protocol and Liaison Service will inform the party concerned, and no application received thereafter will be submitted to the Garage Administration. The issuance of parking decals to the observer State missions, intergovernmental and other organizations will be limited to persons enjoying diplomatic status.

Vehicles with "S" plates registered in the name of mission staff will not be authorized to park in the United Nations compound.

Permanent Missions may apply for a temporary identification decal (light blue) for the forty-seventh session of the General Assembly for vehicles rented from established and bona fide companies for use of visiting dignitaries and

diplomats officially attending meetings during the session. Application forms may be obtained from the Garage Administration (room S-B1-01) and thereafter submitted to the Protocol and Liaison Service (room S-0201).

Parking decals must be displayed prominently and be clearly visible to security officers and Garage Administration staff at entry points and while the vehicles are on the premises. Vehicles not having or displaying a valid decal are liable to be towed off the premises.

Decals that were issued for vehicles that are no longer in use or those issued to delegates who have since left Headquarters must be returned to the Garage Administration (room S-B1-01).

In accordance with part II of General Assembly resolution 39/236, parking privileges of any delegate whose parking fees are in arrears by more than three months will be suspended as at September 1992. Privileges will be restored once the arrears have been paid in full.

Delegation cars bearing United Nations diplomatic plates and/or identification decals valid for the current session of the General Assembly may be parked on the first level and in a designated area at the southern end of the second level of the garage without charge while representatives are on official business. They may be parked in the garage overnight at the rate of $2.50 per night. Invoices for this service are sent to delegates and to delegations shortly after the end of every month. These invoices are due upon receipt and should be settled by cheque paid to the order of "United Nations" and sent to the United Nations Garage Administration (room S-B1-01, ext. 36212, 36213 and 35567).

Chauffeurs' document pick-up passes do not constitute authorization to park in the garage. Drivers who hold such passes can only park in the circle or in the service drive for the length of time they need to pick up documents from the Secretariat.

Entrance to the grounds

Cars bearing a decal may enter the grounds through the gates at First Avenue near 43rd Street, which leads to the garage ramp marked (2) on the sketch on page 57.

Chauffeur-driven cars bearing a decal may also enter through the gates at First Avenue near 43rd Street and proceed around the fountain past the Secretariat building to the delegates' entrance of the General Assembly building.

Access to the garage

Chauffeur-driven cars will use the ramp at the General Assembly building for entrance to the first level garage (marked (1) on the sketch on page 57).

Delegation vehicles may also enter the garage via the 48th Street service drive, which is open on weekdays between 6 a.m. and 8 p.m. and on Saturday from 6 a.m. to 4 p.m. This entrance is closed on Sundays and holidays.

Chauffeurs should remain in the ready room, located in the first garage level while on call by delegates. The security officer at the delegates' entrance of the General Assembly building pages chauffeurs whenever they are required.

Access control system

The above parking procedures will run concurrently with the implementation of a new computerized access control system which eventually will regulate access to the parking garage and improve, among other things, the billing process. Under this system, the decal, which currently indicates authorization to park, will be replaced by a computerized identification card (grounds pass) that will grant access to the United Nations premises and to the garage. Information regarding the access control system will be circulated as the different stages of the system are implemented.

Liability for loss and damages

In arranging for parking facilities to be available, the United Nations seeks to accommodate delegations, but does not assume any responsibility for the cars or their contents. The United Nations, therefore, is not responsible for fire, theft, damage to or loss of a vehicle or any property or article left inside vehicles.

AUTOMOBILE SERVICE STATION

The service station is located in the third basement area of the garage, between the loading platform and the entrance to the garage, and is open from 8 a.m. to 5 p.m. Monday to Friday. Appointments may be made by telephone (ext. 37238) or in person.

Only vehicles with authorization to park (with diplomatic plates and/or diplomatic decal or with the purchase of parking tickets in the case of other diplomat-owned vehicles) may be driven in for servicing. An overnight parking ticket should be purchased for vehicles that have to remain in the garage for further servicing beyond the paid (day-time ticket) parking segment.

LOCAL TRANSPORTATION

The United Nations does not provide cars for delegations. It is suggested that delegations requiring local transportation make their own arrangements with local firms.

REIMBURSEMENT OF TRAVEL COSTS

Delegations entitled to reimbursement of transportation costs may submit claims on form F-56 (Reimbursement voucher for official travel of representatives of Member States). Such claims should be accompanied by bills, vouchers, ticket stubs or other pertinent information, in accordance with the provisions of the Rules Governing Payment of Travel Expenses and Subsistence Allowances in Respect of Members of Organs or Subsidiary Organs of the United Nations (ST/SGB/107/Rev.6 of 25 March 1991). If requested, the United Nations would arrange transportation, wherever possible, from the capital city of a Member State to the place of meeting; for this purpose, delegations should use form PT.137 (Transportation services to delegations). Both forms may be obtained from and returned to the Executive Office of the Department of Administration and Management (room S-2112, ext. 36190). Completed forms should be signed by the head of the delegation (or his/her designated representative).

In accordance with General Assembly resolution 41/213, reimbursement of travel costs for the General Assembly (one first-class and four economy-class tickets per entitled delegation) is limited to representatives of least developed countries.

In accordance with General Assembly resolution 45/248, all permanent representatives of Member States accredited to the United Nations will be provided with business-class tickets whenever they are invited to travel on official United Nations work. In cases where travel expenses are paid by the United Nations, General Assembly resolution 45/248 also provides that business-class tickets will be issued to all members of organs or subsidiary organs of the United Nations for journeys exceeding nine hours.
